Berlin, 26 April 2017

To whom it may concern,

this is to certify that Utkarsh Tiwari has worked with the KDE Community as part of Season of KDE 2016. His work was to our fullest satisfaction and he has fulfilled all the requirements of the program.

The KDE Community is an international technology team dedicated to creating a free and user-friendly computing experience, offering an advanced graphical desktop, a wide variety of applications for communication, work, education and entertainment and a platform to easily build new applications upon. We have a strong focus on finding innovative solutions to old and new problems, creating a vibrant atmosphere open for experimentation.

As a participant of Season of KDE, an internship program under KDE that motivates students to contribute to the Free Software world, Utkarsh worked on porting GCompris activities to Qt QML. His mentor was Rajdeep Kaur.

Sincerely

A handwritten signature in dark ink, reading 'L. Pintscher'.

Lydia Pintscher  
President of KDE e.V.
